PROGRAM OVERVIEW:

Since fire is one of the most common hazards in the workplace, it is important for your employees to know how to properly use a fire extinguisher if a fire should break out at your work site. Of course, fire prevention is always the best safety policy to follow, but prevention is not always possible. This program teaches your employees how to calmly and effectively deal with fires and correctly use a fire extinguisher.

YOUR EMPLOYEES WILL LEARN:

- What Causes a Fire
- The Four Classes of Fire
- Fire Prevention Methods
- Types of Fire Extinguishers
- How to Select the Appropriate Fire Extinguisher
- How to Correctly Use a Fire Extinguisher
- When Not to Fight a Fire
- Correct Fire Extinguisher Inspection
