UTAH Safety COUNCIL

Safety Notes

September 2015 Volume 9

MEMBERSHIP MINUTE

by Rod Hamson
President

Who needs Hollywood stars and red carpets when the true Stars of Safety were gathered together at the Little America Hotel to be recognized?

We celebrated the Stars of Safety at this year's Annual Meeting and Awards Luncheon. Not only did we give out a record number of awards, we also had the most number of first time winners, and we set a record attendance at nearly 400!

Congratulations to all of our winners, and a special thanks to those who are improving their safety programs each year to be considered for our awards.

Our meeting would not have been a success without the support from our Board of Directors, our membership, and the most amazing staff!

Thank you for making safety a priority in your lives and sharing it with those you work with. You truly are the Stars of Safety.

/UTAHSAFETYCOUNCIL

Congratulations to Our Stars of Safety

2015 Annual Meeting and Safety Awards Luncheon Winners

Occupational Seat Belt Award

Thank You to all of our Members for Making Safety a Priority

Child Passenger Safety Week: September 13-19

Did you know? Over 70% of car seats are installed or used incorrectly. The Utah Safety Council would like to offer a few tips to keep in mind while installing car seats.

- **Register the seat.** This can be done through mailing in the registration card attached to the new seat or by going online to the car seat manufacturer website.
- **Never use an expired car seat.** Seats generally expire after 6 years. This assures the plastic has not degraded and is strong enough to endure crash forces.
- **Read the manuals.** The vehicle and car seat manuals will provide critical information regarding the seat and vehicle. Check for the car seat expiration date while you are reading the manual.
- **Rear face for as long as possible.** This is the safest way to ride. Max out the seat weight or height limits.
- **Check the seat for the proper recline angle.** Many seats are equipped with an angle indicator to help.
- **Have your car seat checked by a Child Passenger Safety Technician (CPST).**

If you have any questions or would like to schedule a free car seat check, call **Brittany Pitcher**, CPST at 801.746.**SAFE** (7233) EXT. **312**

Coming soon... photos!

2015 Annual Meeting and Safety Awards Luncheon Photos will be Available Soon at: UTAHSAFETYCOUNCIL.ORG

Safety Certificate Courses

- First Aid, CPR and AED for Business: Sept. 23-25
- Fire Extinguisher Training: Oct. 13
- Office Ergonomics: Oct. 15

- Fire Protection: Sept. 22
- Fall Protection/Walking Working Surfaces: Oct. 21

- Ergonomics: Managing for Results: Sept. 10
- Safety Training Methods: Sept. 15-18
- Principles of Occupational Safety and Health: Oct. 6-9

Principles of Occupational Safety and Health

This course will help you get a balanced perspective of the full scope of occupational safety and health issues. Participants will be able to organize and communicate an effective safety program.

October 6-9
Member: $1200 | Non-member: $1650

*This course qualifies for our Workplace Safety Scholarship Program

Contact **Brooke Wahlquist**, Occupational Safety Program Manager at 801.746.**SAFE** (7233) EXT. **304** for more information.

About Our Staff

Lora Brown joined us in August as our new full-time Accounting Manager. We believe that having a full-time, in-house accountant will take us to a new level and will allow us to become even more efficient.

Lora has worked in the accounting field for over 17 years with several companies in Utah and California. Since joining our staff last month, Lora has already had a significant impact and we have no doubt she will continue to do so. In her spare time, Lora likes to spend time with her husband and her cats. She loves to read, cook, collect sea shells and spends as much time on the beach as possible. Feel free to contact Lora at **lbrown**@utahsafetycouncil.org or at 801.746.**SAFE** (7233) EXT. **311**.

Erin Morris joined the Utah Safety Council in July as our new Marketing Manager. Erin received a degree in Graphic Design from the State College of Florida in 2010 and a Bachelor of Science in Communication from the University of Utah in December 2014. Erin has experience working in the nonprofit sector and brings with her a vast amount of design and marketing knowledge.

Erin also enjoys hiking, skiing, biking and yoga in her spare time. We are proud to have Erin join our team and we know that she will be a very valuable asset. Erin is very excited to work with all of our members so if you would like to contact her, you can do so via email at **emorris**@utahsafetycouncil.org or at 801.746.**SAFE** (7233) EXT. **306**.

Celebrate Drive Safely Work Week with Us

October 5-9, 2015

We will be focusing on seat belt safety and the new seat belt laws in Utah.

Watch our website for more information: UTAHSAFETYCOUNCIL.ORG

UTAH NETS Network Of Employers For Traffic Safety

Give Your Company the Power to Save a Life

Sudden Cardiac Arrest is the number one cause of death in the United States, killing around 450 Americans each day.

Prompt external defibrillation with an Automated External Defibrillator (AED) is the only known effective treatment for sudden cardiac arrest.

Are you looking for more information or to purchase an AED for your organization?

Join us for our FREE Breakfast Seminar Friday, October 16, 2015 from 8 a.m. - 10 a.m.

Discounted packages available for seminar participants.

For more information contact **Cassie Henson**, Emergency Care Program Manager at 801.746.**SAFE** (7233) EXT. **307** or email **chenson**@utahsafetycouncil.org

32nd Annual Utah Conference on Safety and Industrial Hygiene

Join us on October 14th-16th for the 32nd Annual Utah Conference on Safety and Industrial Hygiene. This conference will be held at the University of Utah A. Ray Olpin Union Building, Salt Lake City, Utah.

This annual conference is designed to provide a forum for the exchange of information and ideas related to environmental, health and safety issues that affect the workplace, general environment and community.

This conference is sponsored by the Rocky Mountain Center for Occupational & Environmental Health in conjunction with the Utah Safety Council, the Utah Chapter of the American Society of Safety Engineers, and the Utah Section of the American Industrial Hygiene Association.

For more information or to register, call 801.581.4055.
