Please feel free to call me with any questions at 801.746.SAFE (7233).

Looking forward to seeing you there!

Introducing... Our Keynote Speakers

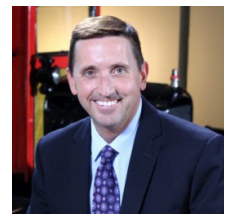

Have you registered for our upcoming conference? We invite you to join us for the 2017 Utah Safety Conference & Expo at the South Towne Expo Center February 28th - March 1st.

This first annual conference will feature over 40 breakout sessions, keynote speakers, networking luncheons, and an expo highlighting the latest in safety products and services. Breakout session topics are now available on our website.

We are excited to announce Amy Rees Anderson as one of our keynote speakers for the conference. Amy Rees Anderson is the Managing Partner and Founder of REES Capital. She will be speaking on the "Five incredibly Important Lessons Vital for Guiding Professional, Personal Life In Business".

We are also excited to announce that Jeffrey S. Young, Senior Vice President and Chief Marketing Officer of Young Electric Sign Company (YESCO) is our newest keynote speaker. He has recently served as the President of the World Sign Associates and was featured in the Emmy Award Winning series Undercover Boss in January of 2016.

We are excited about these great additions to our conference and are looking forward to their presentations.

Visit our website at UTAHSAFETYCOUNCIL.ORG to register and for more information about keynote speakers, breakout session topics, exhibitors, and sponsors. We look forward to seeing you there, so register today before time runs out!

Just Let the Love Burn – Nothing Else

As Valentine’s Day approaches, you may have a few love songs stuck in your head. Interestingly enough, many love songs use the words ‘fire’ or ‘burning’ to describe love. There’s Elvis’s “Burning Love”, Dolly Parton’s “Baby I’m Burning”, and of course, Jonny Cash’s “Ring of Fire”.

There’s no harm putting fire in a love song, but when it comes to real fires and burns, there is nothing lovely about it. **According to the American Burn Association, the average annual cost of scald injuries is \$44 million.**

The first week of February is National Burn Awareness Week. In order to stay safe and prevent burns, here are a few tips:

- Have smoke alarms on each level of your home and replace the batteries every 6 months.
- Make and communicate a fire escape plan for your family.
- Use oven mitts, not towels, to handle hot pots and pans.
- Create a ‘No Kid Zone’ in the kitchen around stoves, ovens, and hot items.
- Use the backburners when you cook, if possible, and turn pot handles away from the stove edge.

Make sure to also check out some of our courses on fire safety: Fire Prevention; Fire Extinguisher Training; and Exit Routes, Emergency Action Plans, and Fire Prevention Plans. For upcoming dates and times, visit our website at UTAHSAFETYCOUNCIL.ORG. On-site training is also available- contact us for details.

Protect Your Employees & Customers with Your Own Certified First Aid, CPR/AED Instructor

February 8-10 | 8:00 a.m. - 5:00 p.m.
