Membership Manager

Our Members Give Back

Join us this holiday season as we partner with our members to support The Christmas Box House in Ogden and Salt Lake City.

The Christmas Box International provides assistance to prevent child abuse and offers services to improve the quality of life for children who have been abused, neglected or abandoned.

From now until December, we will be collecting hoodies, duffle bags, backpacks, gift cards, and cash donations.

You may drop off donations at our office or at our events on December 1st & December 8th in Ogden and Salt Lake City.

If you are interested in providing items, please contact me at 801.746.SAFE (7233) or spistoia@utahsafetycouncil.org.

2017 Utah Safety Conference & Expo

We are excited to announce that the 2017 Utah Safety Conference and Expo will take place at the South Towne Expo Center on February 28th - March 1st.

This first annual conference hosted by the Utah Safety Council will feature educational tracks, keynote lunch speakers, and an expo highlighting the latest in safety products and services.

For 80 years, the Utah Safety Council has provided training and resources to assist our members in developing and implementing safety programs to protect their employees. The 2017 Utah Safety Conference and Expo evolved from requests by our members to focus on safety topics that are relevant to their needs.

This conference will provide you with a great opportunity to network with others while learning from the presenters and keynote speakers. We believe this is just one more way we can help you meet your safety needs.

We look forward to reaching out to all of you for your input as we finalize the topics to discuss. Watch for additional information in the next few months.

Thank you for being a part of the Utah Safety Council. We appreciate your input and your continued involvement with our organization.

Utah Safety Conference & Expo

Salt Lake City, Utah
Feb. 28 - Mar. 1

Defensive Driving Instructor Training

At the Utah Safety Council, we offer many different training options each day for individuals and businesses. One training opportunity that would benefit most companies is our Defensive Driving Instructor course. This two-day instructor course trains you to become a National Safety Council Certified Defensive Driving Course (DDC-4) instructor.

Did you know that participants who complete our Defensive Driving Course are **eight times less likely** to be involved in an automobile collision? Having your own certified instructor is a cost-effective way to ensure that all of your drivers develop safe, defensive driving habits and attitudes.

Additionally, this program can help your organization increase its profitability by reducing the number of insurance claims, time away from work due to injuries, and the cost of vehicle repairs. According to the National Safety Council, the most costly lost-time workers' compensation claims by cause of injury are for those resulting from motor vehicle crashes. These injuries averaged \$70,199 per workers' compensation claim.

In addition to a 4-hour traditional delivery, a company may elect to customize this course in a variety of ways to better fit the organization's goals and needs.

For more information, please contact Greg Royall, Traffic Safety Program Manager at 801.746.SAFE (7233) or email groyall@utahsafetycouncil.org.

First Aid Guidelines Have Changed

Come learn about what's new!

First Aid, CPR and AED Training
September 14th
 8:00 a.m. - 4:00 p.m.
 Member: **FREE**** | Non-member: \$90
