Selection Factors:

The Harold R. Everitt Lifesaver Award honors a man who was a pivotal part of the Utah Safety Council's Emergency Care program since he began teaching in 2002. Harold has a long history of working in the Emergency Medical Services field, dating back to the 1970's as a first responder. In the many years, Harold worked as an EMT, he participated in many events and gave back to the community he loved.

Lifesavers come in many forms, but the recipient of this award will be selected based on a variety of criteria including:

- Used skills and techniques to help someone in a life-threatening situation within the last year.
- The impact of the accomplishment on the community.
- Whether the activity is associated with the person's job responsibilities or is beyond the scope of expectations.
